ANALYTICS AND FINANCE PROJECTS

PayPal Financial Statement Forecast ***Cambridge, MA***
Course project, Managerial Accounting *Sep 2025 – Dec 2025*
- Built a 4 quarter forecast of PayPal's income statement, balance sheet, and cash flow from SEC filings and PitchBook data, with ratio and DuPont analysis
- Compared 6 time series methods in Excel, including Holt-Winters, ETS, and regression, to select the revenue model
- **Revenue forecast came within 2% of reported results in every quarter (0.9% MAPE)**, after conservatively lowering the Holt-Winters output by its 2.89% historical error

Hult International Business School ***Cambridge, MA***
Hospital Performance Analytics, Business Intelligence and Insights *Nov 2024 – Dec 2024*
- Applied PCA to 100,000+ healthcare records, separating financial and operational factors from patient experience factors
- Found that larger, higher revenue hospitals did not consistently earn better patient experience ratings

Open Avenues Foundation, Build Fellowship ***Remote***
Business case for Posture Mate, a posture support product concept *Jul 2026 – Sep 2026*
- Built the business case independently, covering market research, competitor analysis, and positioning
- Set pricing and cost assumptions across manufacturing, logistics, and distribution to test unit economics and a 3 year financial outlook

EXPERIENCE

LISC Digital Growth Accelerator ***Boston, MA***
Student Consultant, team engagement with a Boston hair salon *Jun 2025 – Aug 2025*
- Analyzed customer behavior to find ways to drive repeat visits, and helped design a tiered membership program projected to lift retention 15 to 20%
- Presented to the client and other teams weekly over 7 weeks, refining recommendations from feedback
- **Placed 3rd of 36 teams for Best Action Plan to Drive Sales**

HackHult (student club at Hult) ***Cambridge, MA***
Head of Marketing and Founding Board Member *Oct 2025 – May 2026*
- Grew the club from 3 or 4 people at the first meeting to about 60 group chat members through event posters and outreach
- Coordinated with university administration and partners including Major League Hacking (MLH)
- Launched AI assisted coding workshops to keep members engaged when schedules made full events hard to run
